	<p>Amphenol PCD Shenzhen Co., Ltd. designs &amp; manufactures cables assemblies, connectors and custom interconnect solutions for the industrial, railway &amp; hybrid electrical vehicle markets.</p> <p><b>Circular Connectors</b>  <b>Rectangular Connectors</b>  <b>Terminal Blocks</b>  <b>Plug In Hybrid Electric Vehicle</b>  <b>Energy Storage</b></p> <p><a href="http://www.amphenolpcd.com.cn">http://www.amphenolpcd.com.cn</a></p>
	<p>A global leader in connectors for harsh environments. Markets served include Heavy Equipment, Solar, Rail Mass Transit, Oil &amp; Gas. Four divisions:</p> <p><b>AIO</b> Connectors <a href="http://www.amphenol-industrial.com">http://www.amphenol-industrial.com</a>  <b>ATPI</b> Cable Assemblies <a href="http://www.tpil.com">http://www.tpil.com</a>  <b>GEC</b> Busbars <a href="http://www.gecamphenol.com:81">http://www.gecamphenol.com:81</a>  <b>GASF</b> Custom Flex Circuits <a href="http://en.amphenol-gasf.com/">http://en.amphenol-gasf.com/</a>  <b>LTW</b> Waterproof Connectors <a href="http://www.amphenolltw.com">http://www.amphenolltw.com</a></p>
	<p><b>Switches:</b> DIP, Keylock, Rocker, Rotary, Tact, Toggle, IP Rated  <b>Screen Print Switches:</b> Membrane, Labels, Overlays, Keyboards, Control Knobs  <b>Pushbutton Switches:</b> PCB Mount, Sealed, Illuminated, Underfoil, IP Rated  <b>Joysticks:</b> Industrial, Trackballs, IP Rated</p> <p><a href="http://www.apem.com">www.apem.com</a></p>
	<p><b>Coiltronics:</b> Power Inductor and Transformer products utilizing low core loss materials for high current, high frequency DC-DC and switch mode applications  <b>PowerStor:</b> Supercapacitors, ultra-high capacitance/low ESR devices for high energy pulse and battery backup applications  <b>PolySURG:</b> Polymer based devices to protect sensitive circuits from ESD  <b>Bussmann:</b> Fuses including chip, brick, subminiature and ferrule types</p> <p><a href="http://www.eaton.com/elx">www.eaton.com/elx</a></p>
	<p><b>Battery &amp; Battery Pack Solutions:</b> Custom battery packs &amp; assemblies in all chemistries with focus on lithium chemistries. Design expertise utilizing &gt;30 brand name battery suppliers for applications in medical, portable electronics, military, battery chargers and related markets UN, UL, CE, DOT testing and certification</p> <p><a href="http://www.hobcustompower.com">www.hobcustompower.com</a></p>
	<p><b>Thermal Interface Materials (TIM):</b> World's leading refiner, producer and fabricator of indium and metal alloys for use in thermal TIM1 and TIM2 applications  <b>Engineered Solder Preforms:</b> Wide variety of alloys in standard and custom shapes  <b>Semiconductor Assembly Fluxes &amp; Solder Pastes:</b> Flip Chip, Wafer bump and TSV assembly materials</p> <p><a href="http://www.indium.com">www.indium.com</a></p>
	<p><b>Ceramic Capacitors:</b> SMT type Multilayer, Through Hole, High Frequency, High Voltage  <b>Filters:</b> EMI/RFI (SMT), Ferrite Beads, Common-mode Choke and SAW and IF filters  <b>Timing Devices:</b> Ceramic Resonators, Crystals in leading small size packages  <b>Modules:</b> Bluetooth/WiFi, BLE &amp; FHSS utilizing latest communication IC technologies  <b>RF &amp; Microwave:</b> LC Filters, Baluns, Couplers, Isolators, Dielectric &amp; Duplexers  <b>Inductors:</b> Chip, Multilayer, Wire wound  <b>Sensors:</b> Thermistor, Rotary, Ultrasonic, IR, Piezo Shock, MEMS Gyro/Accelerometers  <b>Sound Components:</b> Piezo buzzer, sounders, ringers</p> <p><a href="http://www.murata.com">www.murata.com</a></p>
	<p><b>Power Electronics:</b> #1 supplier of board mount power and 4th largest overall of power electronics  <b>DC-DC:</b> Isolated converter bricks, non-isolated POL devices  <b>Front-End Power Supplies:</b> AC-DC &amp; DC-DC from 40W to &gt;2KW. 1U format and open frame</p> <p><a href="http://www.murata.com/en-us/products/power">www.murata.com/en-us/products/power</a></p>
